MEET SAVIA · YOUR FRIENDLY VOICE ASSISTANT

A grounded answer, in the moment.

Savia explains the selected charge and the existing record, in the customer's words.

MODEL ANSWER	Useful in 9.338 s	Grounded to the selected MXN 4,280.75 charge and existing claim.
STATUS	Already in review	Savia explains the existing record; it creates no new claim.
SEPARATE MCP	2 workers · 2.783 s	Standalone stdio run; separate from this browser answer.

Actual Spanish browser answer · selected fictional charge

Existing simulated claim · no bank decision or new request

Your team’s suggestions stay with you.

Mark an answer helpful. Start a new chat. Return to the same saved perspectives.

CUSTOMER CHOICE	Closed as helpful	The customer explicitly confirmed the informational answer helped.
SAVED TOGETHER	Two team suggestions	Both remained available after a new chat and reload.
BANK RECORD	Existing claim	No new claim was created by the assistant team.

Actual Spanish browser capture · closure and saved result

Informational help saved · existing claim only · no bank decision

A voice that keeps your place.

A calm moment, then a spoken confirmation when your explanation helps.

FOREGROUND · 6.6 S · FULL ACK 200

Calm reassurance

“Despacio, sí, bien tranquilo, aquí estoy.”

HELPFUL CLOSURE · 3.95 S · FULL ACK 200

Customer-confirmed closure

“Cerró la consulta, ya te ayudó la explicación.”

Actual integrated Savia voice · customer-marked-helpful inquiry · saved context restored

One guide, with clear boundaries.

Savia keeps the conversation, brings perspectives together, and returns useful progress over time.

Fictional information service · no bank actions or real resolution

Prompt flow & decision design: Gloria Yanta Salc • Data pipeline & lookup: Carlos Díaz • Integration: Savia team
