

Docker · local deployment landscape

Separate containers on Docker Desktop; host ports are published on loopback only.

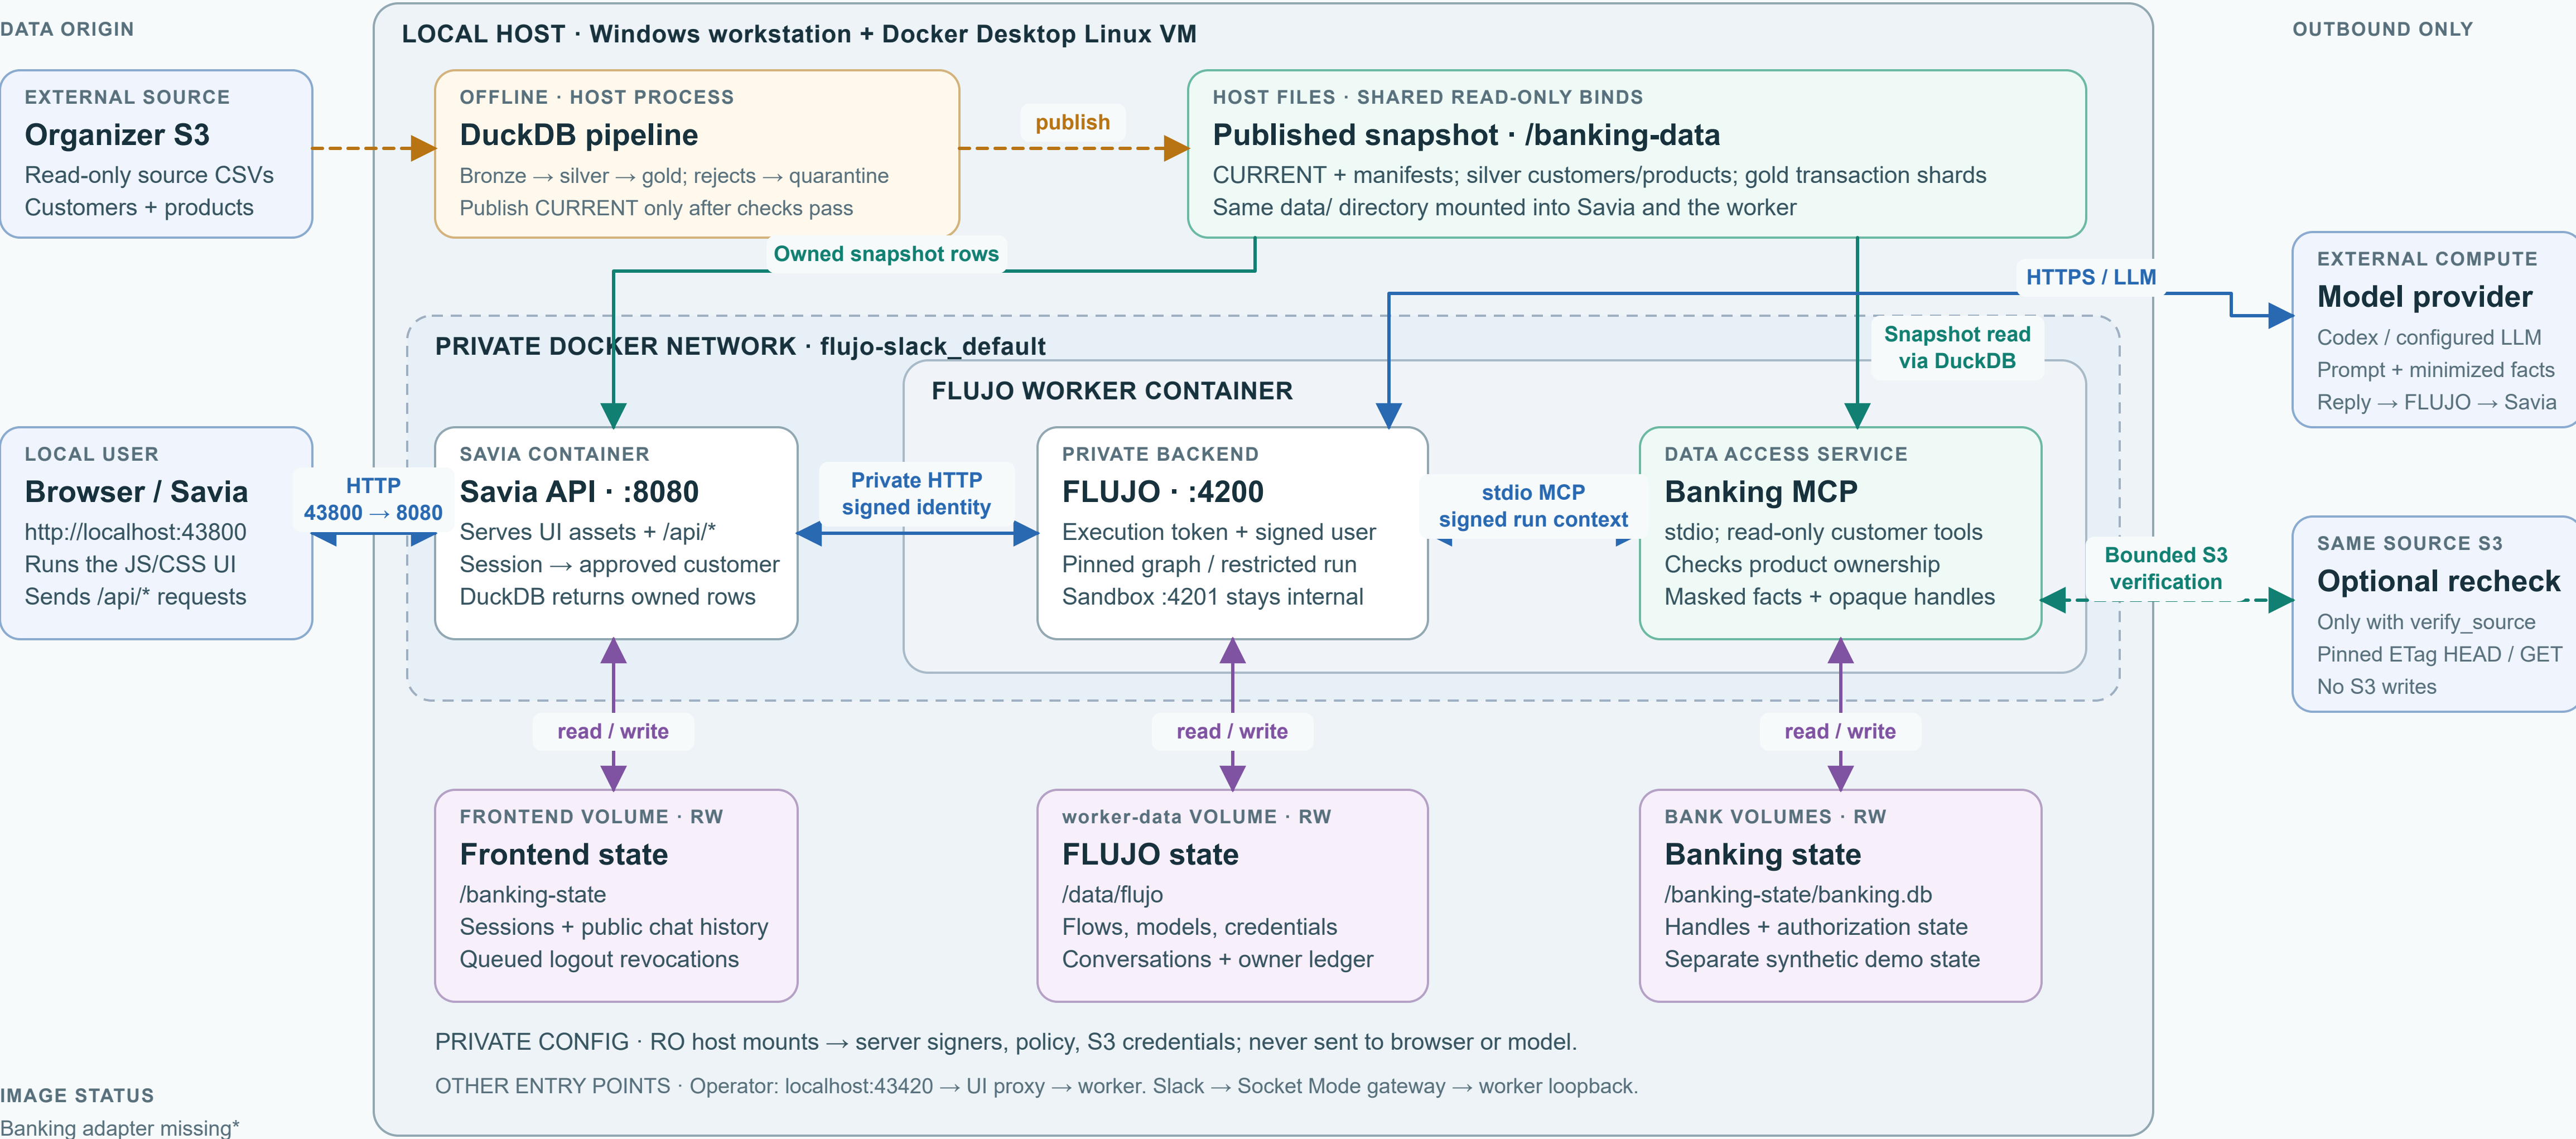

IMAGE STATUS
Banking adapter missing*

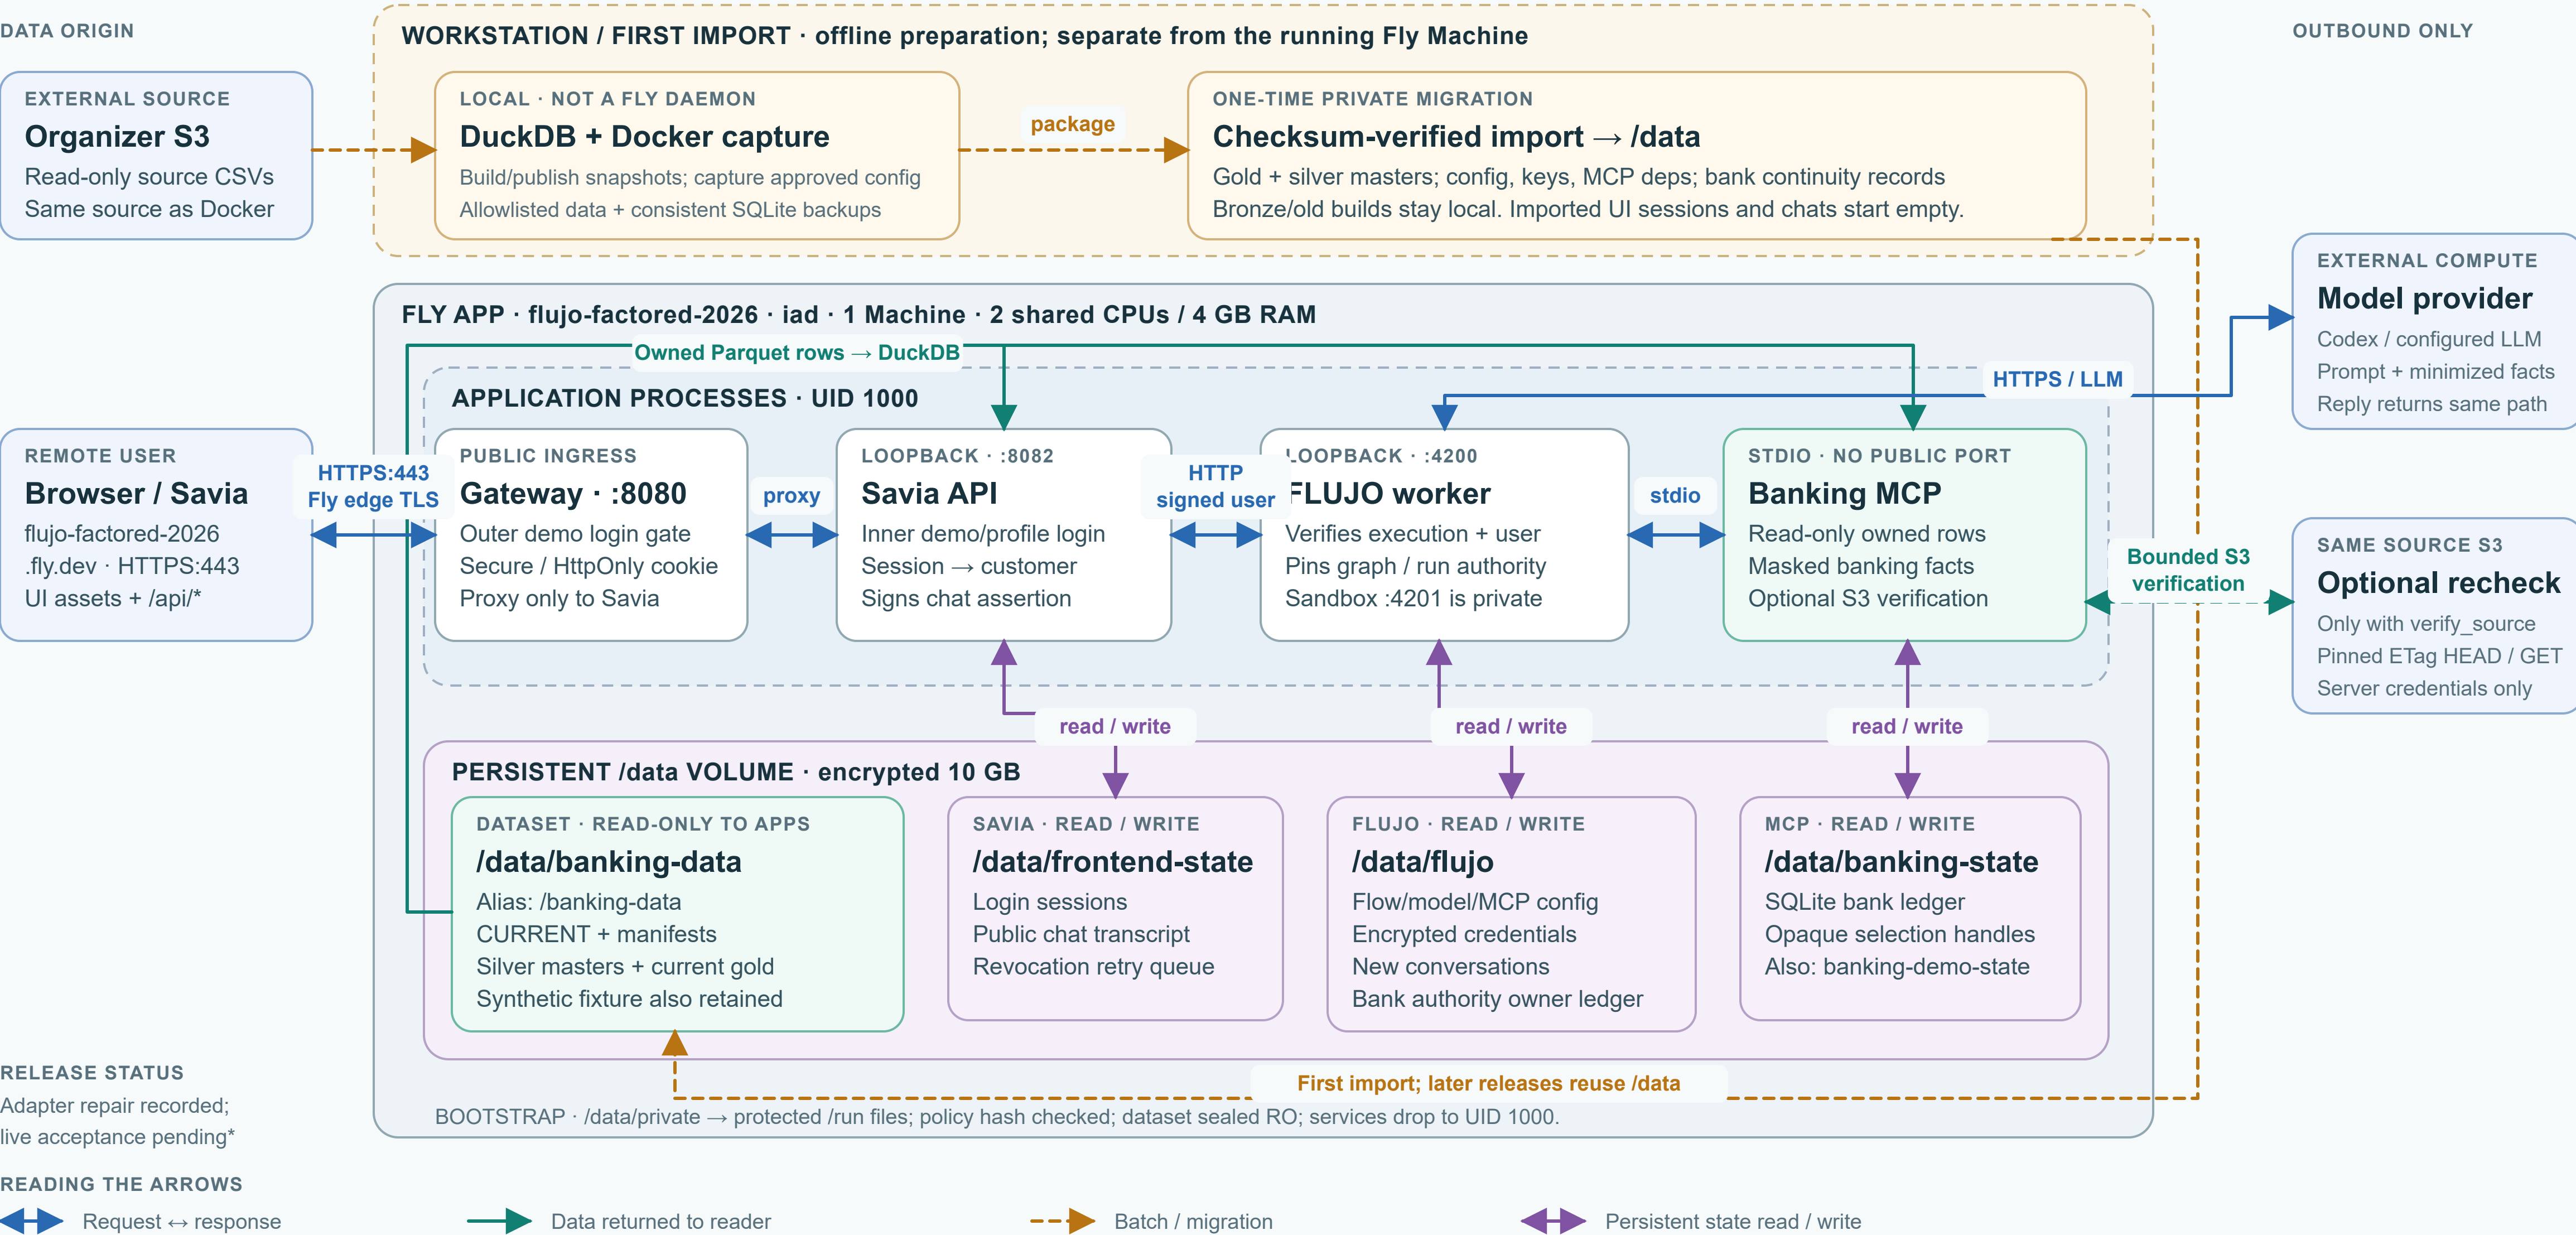

READING THE ARROWS

- Request ↔ response
- Data returned to reader
- Batch / migration
- Persistent state read / write

* Recorded source Docker image: banking adapter missing; customer chat/revocation can fail. Configured topology · 30 Sep 2026.

Fly · hosted deployment landscape

One Fly Machine contains gateway, Savia, FLUJO and banking MCP; only gateway :8080 receives public traffic.

* Recorded Fly release: adapter repair deployed; inquiry + revocation acceptance pending. Configured topology · 30 Sep 2026.
